When I ask for a list to send cards to homebound members, what do I ask for?

The Card list was formerly called the Shut-in list. They are now two separate lists. Please specify which list you need.

We have rushed and have five new pledges. Where do I get pledge training material?

Go to "www.betajournal.com" and click on the Strawberry Patch, where is adequate training material. Or, the Rushing Department has a pledge training video. The cost is \$15.

You have a Legacy program for little girls, do you have anything for our little boys? They tend to feel left out.

Yes, our Envoy II Program. It is designed for the chapters to include the sons, grandsons, nephews and other special young men. The

enrollment cost is only \$15 and we have a special Envoy II pin, certificate, and Ritual. Just contact the Rushing Department at 1-888-238-2221.

What are the procedures to qualify for the Order of the Rose?

The chapter first requests the form, certifying the member has completed 15 active years. Then the resolution form is then signed for certificate, and the special pin can be ordered through gifts.

Must the member that we want to nominate for an office be current on chapter dues and International annual fees?

Yes - on both accounts. The chapter dues are set at the chapter level but should be paid. International annual fees should always be current so that member has a voice and vote that counts.
