Helping hands leads to profit for Beta Sigma Phi International. Sherri and Theresa were awarded grants for volunteer work they performed last year with sorority and with other organizations. The

amount of the grant is based on the number of volunteer service hours performed by the employee during the given calendar year.

Last year Sherri was awarded \$ 250 for working 36.5 hours and Theresa was awarded \$ 1000 for working over 100 hours. Sherri and Theresa donated the \$ 1250.00 grant money to Beta Sigma Phi International, as sorority has played a huge part of their lives. John Brown, Sherri's husband was also awarded \$ 250 for his volunteer hours and John's grant will be going towards Toys for Tots.

Theresa received the President's Volunteer Service Award since she performed more than 100 hours of service and will receive a letter of congratulations and a service pin from President Barack Obama.
